PROPOSITION PREVAILS. FRANK BAILEY LYNCHED

American Plan Regarding Private Property Rights

AT SEA HAS A MAJORITY.

Numerically, However, the Countries Whose Delegates Voted In Opposition Have a Greater Number of People Than the Others.

The Hague, July 17.—The vote on the principle of the American proposition regarding the inviolability of private property at sea was taken Wednesday by the committee of the conference dealing with the Geneva convention. Twenty-one delegates voted favorably, eleven against the measure and there was one absentee. Great Britain, France, Russia, Japan, Spain and Portugal were in opposition, while the triple alliance, although Germany made a reservation, was among the majority. Belgium presented a compromise proposal, but Joseph Choate, American delegate, refused to accept it, saying inasmuch as the majority admitted the principle of immunity he would not consent to the limit-

JOSEPH H. CHOATE.

tation of this idea, especially as Great Britain and Russia had already declared they would not accept it in any form. This made unanimity impossible.

Professor DeMartens of Russia who presided at the meeting, called attention to the fact that although the American proposition was supported by a majority of the votes passed, the populations of the countries voting against the principle were numerically largely in excess of those favoring it. Merry von Kapos Mere of Austria and Count Tornelli of Italy followed the example of Baron Marschall von Bieberstein of Germany in reference to the British proposition regarding limitation of armaments, which is to be presented by Sir Edward Fry at the next plenary sitting of the conference. This places Signor Tittoni, Italian minister of foreign affairs, in a somewhat embarrassing position. He and his allies in the triple alliance. The United States and Spain favor the English views on this matter. Mr. Nelidoff, however, does not think Russia can support the idea of limiting armaments at the present condition her army and navy as the result of the Russo-Japanese war. M. Bourgeois of France personally favors limitation, but the French regards this question as academic and impracticable.

LARGE JUDGMENT.

Brought About by Attempting to Organize Huge Soap Combine.

Liverpool, July 17.—An attempt made in the fall of 1906 to organize a huge soap combine in the United Kingdom, which quickly came to an end under pressure of adverse public opinion, had a sensational sequel in the assize court Wednesday. William Heskell Lever, a Liberal member of parliament for the Wyrall division of Cheshire secured judgment for damages of \$250,000 and costs against the Harmsworth newspapers—Daily Mail and Evening News—for alleged libels published by them during the course of the controversy that followed.

COOKED TO CRISP.

Terrible Fate That Was Portion of Engineer Clement.

Minden, La., July 17.—By the overturning of a Louisiana and Arkansas railway locomotive at this place Engineer Charles Clement was caught between the tender and firebox and his lower limbs fearfully crushed, they being also literally burned to a crisp. He died in agony two hours afterward. A widow and three children are left at Bonham, Tex. Negro fireman was badly hurt.

Taft Sets Speaking Date.

Washington, July 17.—Secretary Taft has finally arranged to make a political speech at Oklahoma City Aug. 24, three weeks before the election. He will stop there en route from the east to the Pacific coast, whence he sails from Seattle Sept. 10, for the Philippine Islands.

Summary Vengeance Wreaked Upon Negro.

MORTALLY SHOTS A MAN

Latter, a Brakeman, Had Ejected Him From a Freight Train, and Miscreant Retaliated by Wounding Railroadier Frank Kelly From Ambush.

Osage, I. T., July 17.—Frank Bailey, a negro, was lynched by a mob consisting of 150 men and boys here Tuesday night after he had shot and mortally wounded Frank Kelly, a brakeman on the Missouri, Kansas and Texas railroad. Kelly ejected the negro from the train at 4 o'clock in the afternoon. The negro hid in the yards and as the train upon the top of which Kelly was standing passed, the negro shot him from ambush, the bullet entering Kelly's breast. The negro escaped, but was caught an hour later. A mob formed at 10 o'clock at night and overpowered two officers who had Bailey in charge. Its members took the negro to the scene of his crime and hanged him to a telegraph pole.

NINTH FATALITY.

Captain Hansel Tells Story of Terrible Catastrophe.

Boston, July 17.—Edmund J. Walsh, seaman, died at the naval hospital at Chelsea. This is the ninth fatality resulting from the accident on the battleship Georgia in Cape Cod bay. Twelve injured remain in the hospital, of whom Midshipman James F. Cruise, of Nebraska, and Seaman James P. Thomas of Brooklyn, are not expected to recover.

From his cot in the naval hospital at Chelsea, Acting Gunner Captain Charles H. Hansel was able to tell the story of the accident. He said: "None of us knew much about it until it was all over. It was so quick. When I saw the first flash, instinct told me what was up and I kept presence of mind enough to dodge back from the sheet of flame that began to envelop the turret. I got down to the floor, crawled under the gun and out to the porthole as far as I could get. Here I could get some air and I was so low down that the fumes did not hurt me seriously. Kimball was with me and he did not get a burn. My hand was burned where I held an iron rod and I got burned around the head, but I guess it is not very bad."

"The instant the flash came Lieut. Goodrich, who was in charge of the work in our turret, rushed to the hatchway on top of the turret, thinking to get out before the turret filled with smoke and gas, but the powder was too quick for him and he was horribly burned before he could get to the air and safety. Seaman Malek was sitting on top of the turret, where he was stationed to take messages, with his legs hanging down the hatchway. Influenced probably by Lieutenant Goodrich who, maddened by his sufferings, plunged into the sea, he threw himself overboard also."

"The first flash was followed quickly by a second from the bag of powder containing about one hundred pounds of smokeless powder. That was a moment of terror to all who were still conscious, but they were few. Men were lying in heaps, moaning, dyin, unconscious, baking and suffocating."

"The next minute seemed eternity. But help from outside came quickly and the men were lifted out and taken away to be cared for. But living men could not enter the turret until the heat had been overcome by pouring in water, which also settled the smoke and drove out the gases to some extent. Those poor fellows were terribly burned, some so as to be unrecognizable. Eyes were burned out; faces, bodies and arms and legs blackened, and there were no features left on some of the charred faces. Midshipman Cruise was pointing the gun when the flash came, and I was by his side. He did not move away from the sheet of flames as quickly as I did and was fearfully burned. We were making a record, all right. Lieutenant Goodrich took great pride in the work and had all the men worked up to enthusiasm. We had fired nine shots and made nine hits, and still had time enough to fire twice more and that meant two more hits, the way we were shooting, and still be within two minutes. Now when you fire eleven shots with eight-inch guns in two minutes, you're doing some shooting, whether you hit the mark or not. But we were hitting. How those fellows suffered after they were taken out."

"Two great boxes, one addressed to Midshipman Cruise and the other to 'The Sailors of the Georgia,' were received at the naval hospital. They contained flowers, and inside of each box was the card of Admiral Yamamoto, the Japanese naval officer, who also sent his sympathy."

Dr. Taylor Mayor.

San Francisco, July 17.—Dr. Edward Taylor, physician and lawyer, dean of the Hastings Law college and of the University of California, was elected by the board of supervisors mayor of San Francisco, and by the open avowal of the bribery graft prosecution, the so-called "reign of the big stick" came to an end.

BRYAN, TEXAS, JULY 18, 1907

FOR HANDLING COTTON.

Bryan's Facilities are Greater in Every
Way than Ever Before—Oil Mill,
Compress and Four Gins.

Bryan will be ready for the new cotton crop with greater facilities for handling it than ever before. All the industrial plants in the city which have to do with cotton crop products are increasing capacity and being placed in first-class shape. Bryan will have the usual number of spinners' buyers and merchants handling the crop and will, as usual pay the highest market price for cotton and cotton seed.

THE OIL MILL.

Extensive improvements are being made at the Bryan Cotton Oil Mill under the direction of Manager J. Webb Howell, notwithstanding the plant is a new one which has been run only one season. The capacity of the plant is being increased to 70 tons, using four presses instead of three. Two new linters are being added making a battery of eight. These are equipped with magnets to arrest all nails or other particles of metal which may get into the cotton seed.

The entire plant is being overhauled and other new equipment added to make it first-class in every particular. The capacity of the hull house will be doubled. A new well will be sunk by the engine house and a new system of water works for fire protection is being put in.

A tunnel has been built extending the full length of the seed house to make it practical to remove seed which may begin to heat, from any part of the house with comparatively little trouble. A third shaker has been put in to still more completely clean the seed. No detail is being overlooked that will add to the convenience and

practical working of the plant.

Manager Howell has a considerable amount of cotton seed on hand and will make a run in about two weeks to provide a stock of hulls and meal to serve all customers.

THE COMPRESS.

Very little need be said with reference to the compress of the Bryan Press Company. This splendid plant, entirely rebuilt after the fire of last fall, is one of the best in the state and abundantly capacitated to take care of the crop which will be brought here. The platform is being extended on the south side and the room will be greater than at any time before the fire, there being space for the accommodation of 2000 bales. If the weather continues favorable provision may be made for more room by additional improvements of the north side between the compress and the Bryan brick warehouse, plans for which have been agreed upon which will not prevent the use of the street for traffic.

FOUR GINS.

In addition to the above four fine gins will offer their advantages to the public and will be able to handle the crop that is brought to Bryan in the seed very rapidly.

G. S. Parker, who has one of the finest gin plants in the state, which is continually kept up to a high standard of efficiency, is this year installing a new safety water tube boiler, which is being built on the ground in his boiler room and has a capacity of 150 horse power. This gin is equipped with all modern facilities for handling cotton, and has eight gin stands and two double box presses.

S. H. Dunlap & Co. are rapidly completing a new gin plant, including a new building. This plant is one of the most complete to be found anywhere, being provided with four 80-saw stands, a double box press and a Reagan round bale plant. The round bale plant has arrived and is now being installed in the new building. In addition all the necessary seed and hull houses have been built and are ready for use.

The Howell gin in the southern part of town will open the season

with a practically new plant out and out. A new four valve horsepower Atlas engine is now being installed, also pneumatic elevator and hydraulic press, with a complement of five gin stands. The entire plant is being overhauled and placed in thorough repair.

Palermo Bros. are completing a new two story gin house in the northern part of town and installing first-class equipment throughout. They have an Atlas engine and boiler, five gin stands and double box hydraulic press.

FARMERS' UNION MASS MEETING

Preliminary Steps Taken Here Yesterday
Towards Securing a Cotton
Warehouse.

Pursuant to agreement at the meeting of the Brazos County Farmers' Union at Alexander the past week, a mass meeting of the stockholders and prospective stockholders of the Union warehouse was held yesterday at the court house in this city with Mr. J. H. White presiding. A report was received from the stock soliciting committee appointed at Alexander showing good progress has been made with this part of the work. The Eagle learns that about \$2000 has been secured to date, and there are many more to see. The stock soliciting committee is composed of J. P. Gilpin, T. P. Hall, Hugo Stasny, W. J. Brogdon, J. D. Castle, A. W. Cloud, P. L. Barron and W. E. Graham.

There were forty or fifty in attendance on the meeting yesterday, and a committee composed of C. H. B. Graham, J. L. Stasny, John Wilcox, Geo. P. Edge, P. L. Barron, J. M. Peters, Wm. Brogdon and Arch Cloud was appointed to secure a site and buy or build a warehouse in Bryan. The committee has several locations in view in the event that it is necessary to build, but has made no selection.

A committee composed of John Beard, J. M. Moore, T. A. Hensarling, Hugo Stasny and W. H. Burt was out yesterday soliciting funds for the enterprise among the business men and met with a good deal of encouragement. Members of the Union with whom the reporter talked after the meeting yesterday expressed themselves as confident that the warehouse will be secured in time for the approaching cotton season.

CONTRACT HAS BEEN LET

For New Building of Bryan Water,
Light & Power Co.—Went to
Wheelock & Allen.

Manager T. J. Preston of the Bryan Water, Light and Power Company, announced yesterday the letting of the contract to Messrs. D. C. Wheelock and J. W. Allen for erecting the new brick building for the plant of the company, work to begin at once and building to be completed by September 15.

The structure will be a one story brick building 50x60, with metal roof, and will occupy the site of the present building, being joined to the brick building which now forms a part of the plant. The new building will be large enough to accommodate duplicate machinery, and is in line with the policy of improvement which the company is pursuing with the view of giving their patrons the best possible service. The manager, Mr. Preston, states that other improvements will be made from time to time.

Mr. Allen, one of the contractors, has been here some time and is well known to the people of Bryan for the excellence of his work. Mr. Wheelock, who is a bricklayer and contractor, recently came here from San Antonio, and has located permanently.

CHRISTIAN CLUB CALL.

Enrolled members of the Young Men's Club of the First Christian church and those who would like to join are earnestly requested to meet at the office of the undersigned tonight at 8:30 o'clock for the purpose of permanent organization.

Geo. A. Adams,
President.

RAILROAD EARNINGS.

What Business Has Been Done
Past Eleven Months.

Austin, July 17.—A statement showing the earnings of thirty-two leading railroads in Texas for the eleven months ending May 31 and comparison with earnings for the same period last year is as follows:

Freight Earnings—Last year, \$50,000,000; this year, \$64,000,000; net increase, \$13,000,000, or about 27 per cent.

Gross Earnings—Last year, \$72,000,000; this year, \$92,000,000; increase of about 8 per cent.

Operating Expenses—Last year, \$53,000,000; this year, \$66,000,000; increase of about 24 per cent.

Income From Operations—Last year, \$18,000,000; this year, \$26,000,000; increase of about 40 per cent.

Announcement was made by the insurance commissioner that the Provident Savings Life Assurance Society of New York would remain in the state and comply with the Robertson law. Governor Campbell has not stated that he sanctioned State Health Officer Brumby's idea relative to state quarantine against tuberculosis and the opinion prevails that he does not. He has not yet had time to study the question and does not care to express an opinion about something he has not fully looked into. The statement of Dr. Brumby at Houston is said to be without the authority of the governor.

EDITORS FINED.

Two at Hot Springs Again Adjudged
Guilty of Contempt of Court.

Hot Springs, July 17.—Editors Amis and Schaefer of the Daily Bulletin were again adjudged guilty of contempt of court by Judge Sumpter Wednesday and each fined \$50 and sentenced to ten days in jail. Jail sentence was suspended subject to good behavior. The contempt consisted of the publication of an editorial following the imprisonment of the two editors, for a few hours last week on their refusal to pay fines assessed against them on previous conviction for contempt of the same tribunal. Mr. Amis is pastor of the First Baptist church.

CARTER DIES SUDDENLY.

Prominent New Yorker Succumbs to
an Attack of Apoplexy.

New York, July 17.—Hon. Lewis Carter, president of the Yorkhaven Water and Power company of Yorkhaven, died suddenly from apoplexy at his home here. He was fifty-one years of age and well known among financiers and power manufacturers. At Yorkhaven, Pa., Mr. Carter directed the building of one of the largest power dams in the world, a line of masonry two miles long having been thrown across the Susquehanna. The power is transmitted to points 100 miles away.

KISSES HIS WIFE.

Holston Then Cuts Her Throat, Death
Being Instantaneous.

Fort Smith, July 17.—At his residence in this city A. I. Holston, a well known educator, kissed his wife and then cut her throat, killing her instantly. The cause of the murder is alleged to be jealousy.

Bankhead's Election Ratified.

Montgomery, Ala., July 17.—The two houses of the legislature met in joint session and ratified the election of Hon. John H. Bankhead to the United States senate. He succeeds Senator Morgan, deceased, for the term of six years, which began March 4 last.

Merchant Arrested.

Constantinople, July 17.—A young merchant has been arrested here in connection with the bomb explosion in front of the summer quarters of the American embassy at Therapia.

Nearly Led to Massacre.

Teheran, July 17.—The alleged detention of a Mussulman woman in the ghetto has nearly led to a massacre. The authorities intervened opportunely. Twenty Jews were injured in the fighting. The ghetto is guarded.

Escaped Handcuffed.

Amarillo, Tex., July 17.—With handcuffs on Will Easterwood, wanted to answer a charge of aggravated assault, escaped from an Ellis county officer near here by jumping from a train. He was arrested in Hereford county.

Woman's Head Cut Off.

Shanghai, July 17.—On a charge of complicity in the revolutionary plot which on July 6 resulted in the murder of the governor of Anhui, a female teacher in a girls' seminary has been decapitated.

Blade Passes Through Eyeball.

Shiner, Tex., July 17.—John Luedeke was stabbed in an eyeball, knife blade passing entirely through. His sight is destroyed. El Roy Mauldin was arrested.

Compress Consumed.

Argenta, Ark., July 17.—The plant of the Gulf Compress company and 2400 bales of cotton burned. Plant was valued at \$65,000 and cotton at \$149,416.

WOOD AND RANCH FOR SALE.

Ten thousand cords of wood in the stump for sale ten miles from Bryan on the I. & G. N. Also my ranch in 100 and 200 acre lots. Apply to J. L. Fountain.

LADIES, NOTICE.

All contributions to orphan's home box must be delivered to Mrs. Evans by Thursday morning, July 18.

This For Catarrh.

See tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petrolatum. This Cream—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination. If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommended and sell.

To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

M. H. JAMES.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the constitutional.
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.
The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, cures nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

BUILDING COLLAPSES.

Nine Persons Lose Their Lives and Several Hurt.

London, Ont., July 17.—Crystal Hall, a three-story brick building on Dundas street, and one of the landmarks of London, collapsed late Tuesday afternoon and a score of persons were buried under the avalanche of bricks, mortar and timbers. Nine were killed. The falling walls from the hall fell upon Brewster's Five and Ten-Cent store, completely burying it. The stores of Hamilton, Long & Co., and W. J. Reid & Co., on the first floor of Crystal Hall, were filled with wreckage.

The building was being remodeled. A number of old supports had been taken out and iron girders had been placed. The crash came shortly after 5 o'clock, when all three stores were filled with customers. It seemed that the front wall of Crystal Hall fell into the street. An instant later the east wall gave way and fell on the Brewster store. As the front wall fell, a woman walking on the sidewalk was swallowed up in the wreckage.

Cries were heard from the wreckage in the Brewster store and a rescue party located three girls in an adjoining cellar imprisoned by wreckage. They said they were not injured. Five other girls could be communicated with, but they were too frightened to say if any of their number were injured.

Shortly after 5 o'clock George Fislallem was taken out slightly injured. The body of Archie McCallum, a photographer, was taken out later. W. T. Hamilton was taken out, terribly injured. A woman was located in the rear of the Hamilton store. She had a baby in her arms, but neither was injured. John Loney was taken out of the ruins with a fractured skull and internal injuries. It is thought he can not live.

WILL BE VERY SHORT.

Attorney Darrow So. Announces Relative to Surrebutal.

Boise, Ida., July 17.—On the opening of court Wednesday morning Attorney Richardson notified the state the defense in the Haywood trial desired three state witnesses to remain town. Judge Wood announced that prior to the opening argument he would notify counsel as to the main points in the evidence on which he would instruct the jury. Clarence Darrow, for the defense, announced the surrebutal for the defense would be very short.

If the plans of the prosecution are not changed there is little chance of seeing the close of the Haywood case and commencement of argument before Saturday next. J. H. Hawley, leading counsel for the state, announced he had eight or ten witnesses in reserve. One or two of these, and perhaps half a dozen may not be called. Most of the rebuttal evidence to be introduced bears on the labor situation in Colorado in the year 1903 and 1904 and is intended to rebut the claim of the defense that there existed a condition of peace in those years.

Judge Wood said that while he would not limit the attorneys in their arguments, he would probably increase the court hours so as to get through as quickly as possible. Lawyers are inclined to protest against this, Mr. Hawley, for state, announcing he had been anything but well during the past few days. He said he might have to temporarily abandon the examination of witnesses if he felt no better. The matter of arranging hours for argument was finally left in abeyance.

O. M. Sackett of Telluride, Col., for fifteen years an employee of the Smugler Union mine, was first witness Wednesday. He told of his personal experience in the big riot at the Smugler Union mine in 1901, when he said he and several other employees of the mine were compelled to run through a perfect hail of bullets in order to get to the mine.

The witness told of the killing of Arthur Collins, the superintendent, disappearance of several in the district and various disorders. He said the men were afraid to work, for many of them were shot out their way to the mines.

FORTY BANDS PARADE.

Each Musical Organization Ren- ders Same Melody.

Philadelphia, July 17.—A massed band parade with all bands playing the same music at the same time, one of the big features of Elks' week, took place Wednesday on Broad street. Every musical organization participating in the re-union appeared in line, numbering more than forty bands with 1,500 members. Fifty reviewing stands along the two-mile route were crowded with people and the streets jammed with a crowd such as Broad street has seldom seen. The throng was out for a holiday and cheered the aggregation of musicians as they passed down the street in one great mass.

Contrast in costumes were ludicrous. All through the parade could be seen in dazzling costume some crack regimental musical organization by the side of the more modest costume of a village band.

AUTOMOBILE ACCIDENTS.

Nine Pedestrians Lose Their Lives and Thirty-Four Injured.

Boston, July 17.—Nine pedestrians have lost their lives and thirty-four have been injured as the result of automobile accidents in Massachusetts within the last thirty-six days according to statistics compiled and made public by the Safe Roads Automobile association. During the twenty-six days there were ninety-two collisions in which automobiles figured. Investigations conducted by the association show out of sixteen cases looked into the operator was to blame in thirteen.

DALLAS CHOSEN.

Texas City to Entertain the Elks Next Year.

Philadelphia, July 17.—The grand lodge, Benevolent and Protective Order of Elks, after two strenuous business sessions Tuesday, adjourned without having made any announcement as to the result of its elections. It was generally conceded, however, that John K. Tenor of Charlerok, Pa., had been chosen grand exalted ruler. The only official announcements were that Dallas, Tex., had been chosen as the place for holding the next convention and grand lodge reunion and that Judge Henry A. Melvin had appointed the following to constitute the grand forum: Charles E. Pickett of Waterloo, Iowa, for a term of ten years; Mac Bohner, Detroit, two years; Wm. H. Moore, Seattle, three years; Thomas Cogan, Cincinnati, and Robert Brown, Louisville, five years.

The new body, which will decide all matters within the organization, came to life with the adoption of a new constitution, which at once went into effect. Under the system of appointment adopted, the forum will be infused with new blood each year, and the term of each member of the body expiring annually. What caused the delay in announcing the result of the election was not stated, but the members of the order said there were several unexpectedly close fights. Grand Secretary Robinson stated after the lodge adjourned that there were 1,700 ballots to count.

DRAMATIC SCENE.

"Oh, You Murderers; You Done It!" Shouts Mrs. Lamana.

Hahnville, La., July 17.—While the trial of the four Italians, charged with the kidnapping and murder of little Walter Lamana, was in progress Tuesday, the boy's mother was called to the witness stand to identify her son's clothing. She sobbed and shouted to the defendants: "Oh, you murderers; you done it!"

Then she implicated several members of the Gebbia family of New Orleans as go-betweens to secure the \$6,000 ransom. She said that the aged mother of this family had told her that the boy was not dead, but that ransom must be paid if she ever wished to see him alive.

Jennie Gariffo, a pretty Italian girl, gave evidence against Mrs. Campiciano. She said that she and relatives had heard the kidnapped boy screaming, "Oh, Charley" and "Oh, mamma," in a house near the Campiciano's, and that they had set out to learn what was the matter. Mrs. Campiciano came out of her house and stopped these would-be investigators, assuring them that the boy was only calling the cows. The witness also saw the boy taken into Campiciano's house and saw him escape, pursued by a man, who carried him back with one hand over the child's mouth. Four other witnesses corroborated this testimony. Miss Gariffo said she had been threatened with hanging if she did not testify. The state, however, had her repeat this statement, when the girl said she had been told she might hang if she did not tell the truth.

LITTLE LEFT OF BLOCK.

Chillicothe Loses Great Deal by Destruction of Business Houses.

Chillicothe, Tex., July 17.—A destructive fire broke out here and laid bare nearly all of one business block. Loss is \$150,000. The heaviest losers are: G. R. Jones & Co., hardware; Dr. J. N. Fain, drug store; Ben F. Griffin, drug store; J. L. Watson, hotel; A. L. Howard & Co., grocers; J. F. Bryan, hotel; Chillicothe Lumber company. Insurance light.

STATE TO APPEAL.

Lightfoot Came to Sherman in Order to Perfect the Papers.

Austin, July 17.—Assistant Attorney General Lightfoot left for Sherman to perfect the papers for an appeal from Judge Bryant's ruling in the Waters-Pierce Oil company receivership matter. The case will probably go to the United States supreme court. It will be first appealed to the United States circuit court of appeals at New Orleans.

PEACH PACKING SHED FALLS.

Woman Killed Outright, Another Fatally Hurt and Others Injured.

Horatio, Ark., July 17.—The peach packing house of the Southern Orchard and Planting company at this plant fell, killing one woman outright, fatally wounding another and seriously injuring about a dozen others. The house was crowded at the time with women and girls packing the Elberta peach crop for shipment. The woman killed is a Mrs. Doggett, sister of the station agent at Horatio.

HORSE FALLS ON GIRL.

Miss Mary Coleman Meets Death by Animal Strangling.

Laredo, Tex., July 17.—While Miss Mary Coleman, fifteen years old, daughter of Tom Coleman, one of the wealthiest stockmen of Southwest Texas, as, in company with an older sister, taking a horseback ride, her horse stumbled and fell. The animal fell upon Miss Mary, killing her almost immediately.

Ho'dup at Dallas.

Dallas, July 17.—H. L. Nolte of Kingston, I. T., was held up here by two negroes and a negroess and at the point of a dirk compelled to part company with \$210.

Every Store Robbed But One.

Paris, Tex., July 17.—Every store but one at Brookston, this county, was robbed Thursday night, also the Texas and Pacific ticket office.
